TYPOGRAPHY

P. 11–14

Display Serif ♦ Functional Sans ♦ Script Accent ♦ Hierarchy & Pairing

04

IN PRACTICE

P. 15–19

Grid System ♦ Photography ♦ Tone of Voice ♦ Applications ♦ Contact & Credits

FOUNDATION

MISSION. VISION. *Values.*

01 MISSION

To return confidence.

Every woman who comes to Shlomi Mor leaves with the feeling of having her dream hair back — whether for a season, a stage, or a lifetime.

02 VISION

Made by hand. In New York.

A house where medical solutions and quiet fashion sit on the same shelf, with equal care. We do not have a hurry.

03 VALUES

Quiet, exact, kind.

Presence over performance. Precision over decoration. Empathy over selling — the brand reads as it is.

PALETTE

THREE *colors.*

The house carries three. Black for weight, gold for the signature, white for breath. Used in this order, in this proportion.

No. 01

SIGNATURE BLACK

#0E0E0E

The weight of the book. Backgrounds, covers, primary ink.

No. 02

ANTIQUE GOLD

#A78D52

The signature, used sparingly. Hairlines, monograms, italic accents.

No. 03

PAPER WHITE

#FFFFFF

The breath. Text on black, light pages, negative space.

TYPE SYSTEM

THREE VOICES,

one page.

Three typefaces, each with a job: display, functional, signature. Never mixed by accident.

A DISPLAY SERIF

DIDOT — HEADLINES & MASTHEADS

Reserved for covers, section openers and the brand mark. Never use below 28 px. Tracking: -1% · weight 400 / 700.

B FUNCTIONAL SANS

FUTURA LT — BODY, UI, LABELS

Everything that has to *work*. Set body at 15 px / 1.7, labels in +0.32 em tracked caps at 11 px.

C SCRIPT ACCENT

SNELL ROUNDHAND — SIGNATURE ONLY

One word per layout, maximum. The signature note — tag lines, dedications, hand-written accents on packaging. Never set as a sentence, never below 36 px.

PAIRING RULE

Big serif on top · **SMALL CAPS SANS** underneath · *one script word* as a quiet accent.
