A house of *hair*, confidence and quiet *craft*.

Shlomi Mor Wigs is a luxury custom-wig atelier based in New York City.

We work with two women: the one rebuilding her sense of self after medical hair loss, and the one looking for the most exquisite,

undetectable wig of her life. Both deserve the same level of craft, intimacy and editorial restraint — and both find it here.

Mission · *Vision* · Values

MISSION

Mission

To return a woman's reflection to her — through European hair, hand-tied craftsmanship and a private, unhurried experience.

VISION

Vision

To become the most trusted custom-wig atelier between Tel Aviv and New York, known equally for medical sensitivity and editorial excellence.

VALUES

Values

Discretion · Craft · Empathy · Longevity · Beauty without compromise.

Two women, *one* atelier

MEDICAL HAIR LOSS

Restoration

Soft, supportive, undetectable. We meet her where she is — with European hair, custom caps and the quiet space to recognise herself again.

LUXURY CUSTOM WIGS

Style & status

Fashion-editorial restraint with the craft of a couture house. Made for clients who never compromise on the quality of their hair.

The *Logo*

PRIMARY · CREAM

REVERSED · BLACK

MONOGRAM · BLUSH

PRIMARY LOCKUP

The full mark: SM monogram crowning the SHLOMI MOR WIGS wordmark. Used on cover, packaging, signage and editorial.

REVERSED

For dark surfaces and editorial imagery the full mark is set in soft paper white. Always reserve quiet contrast around it.

MONOGRAM

The SM monogram alone. Used for stamps, favicons, embroidery, dust-bag corner marks and any small applications.

Built on x.

CLEAR SPACE

x = height of the M stem

Reserve at least one x of empty space on all sides of the mark. This is a non-negotiable minimum — never crowd the logo with text, imagery or color blocks.

MINIMUM SIZE

Digital 28 px · Print 16 mm

Please, *don't.*

The logo is a quiet object. The following alterations damage its tone, legibility or accessibility — and are never permitted in brand communication.

01 · NEVER ROTATE
Keep the mark upright.

02 · NEVER STRETCH
Always uniform scale.

03 · NEVER LOW CONTRAST
Always legible.

04 · NEVER ADD SHADOWS
The mark stands flat.

05 · NEVER APPLY GRADIENTS
Solid brand color only.

06 · NEVER OFF-BRAND COLOR
Use approved palette.

DISPLAY HEADLINE / 56 / DIDOT

A wig that feels like you, only
quieter.

Each piece is custom made for the woman who wears it — European hair,
hand-knotted lace, a private fitting. The work happens slowly; the result
feels inevitable.

A quiet *twelve*.

The book is built on a 12-column grid with a 72 px outer margin and a 24 px gutter, on a 1440 × 900 px stage. Each page is structured around an editorial silence — content occupies roughly 60% of the surface; the rest breathes.

12 COLUMNS · 72 PX MARGIN · 24 PX GUTTER

Light, *skin*, silence.

MEDICAL · RESTORATION

Warm window light. Hands, jewellery, the back of a neck. The wig as a quiet companion, not a performance.

LUXURY · EDITORIAL

Studio lighting. Bare shoulders, ironed silk, the architecture of a face. The wig as couture, photographed like couture.

Always shoot on neutral grounds — paper white, cream, clay. Never on saturated color. Models are calm, off-centre, never looking at the camera.

Speak *softly*.

INTIMATE

Intimate

Like a fitting in a quiet room.

EDITORIAL

Editorial

Composed sentences, generous space.

CONFIDENT

Confident

Without ornament or proof.

EMPATHIC

Empathic

Especially with the medical client.

A quiet *repeat*.

Four discreet patterns extend the brand beyond the logo — for endpapers, dust-bag interiors, packaging linings, story backgrounds and stationery. Each is built from a single brand asset and is meant to be felt, never read.
